Wine Guide 'Descorchados 2017':

Viña Caliterra chosen as Revelation Winery of the Year

This great acknowledgement, achieved by Caliterra in this prestigious publication, is a historic milestone for the winery from the Colchagua Valley.

Additionally, its Tributo Malbec Pétreo, the wine with which Caliterra is celebrating its 20th Anniversary, was chosen as the 'Revelation Wine'.

October 2016.- In what is considered a true landmark for the winery's history, Viña Caliterra was recently chosen as 'Revelation Winery of the Year' in the last edition of 'Descorchados 2017', the wine guide published by the Chilean journalist and wine critic Patricio Tapia.

This important distinction recognizes the high quality reached by Caliterra's wines, and, at the same time, reflects the consistency of the scores granted to all the wines tasted for this last edition of 'Descorchados'.

It was precisely one of Caliterra's wines that stood out as exceptional in the publication: Caliterra Tributo Malbec Pétreo 2014 20th Anniversary, which was chosen as the "Revelation Wine". Furthermore: it was appointed as "The Chosen Wine" from Colchagua, which positions it as the best of the valley amongst all tasted wines. In addition, these recognitions take place exactly at the moment when Caliterra is celebrating its 20th anniversary.

Rodrigo Zamorano, Chief Winemaker at Caliterra stated: "We have always believed in the potential of our terroir, and together with the team, we have searched for the ways to transmit it through our wines." On the award-winning Pétreo Malbec 2014, he added: "Malbec is a variety that has been present since the creation of our winery in 2006. Pétreo comes from a particular soil, which shows very distinctive and different conditions from the rest of the vineyard: clay and argillaceous sedimentary schists with iron inlaid are the components that give life to this special wine very of unique characteristics."
